

# ATE/MP35 Mini Pro Camera

## A Versatile Go-Anywhere Mini Camera

The ATE/MP35 Mini Pro Camera is small enough to hold on the width of your finger. Carry this camera with you and always be ready to record high quality audio and video with the push of a button, even in low-light conditions. Perfect to record on demand, the ATE/MP35 Mini Pro Camera captures up to 2 hours of footage on a single charge. Unlike the alternatives, this small spy camera features a durable metal housing.

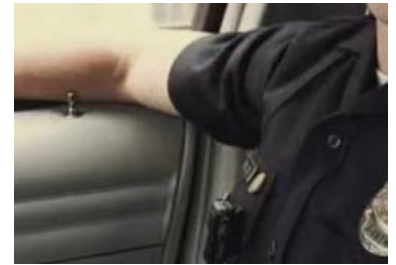

Video is stored to an SD card (sold separately) for easy transfer to a computer. The ATE/MP35 Mini Pro Camera can be turned on and off by pressing a button or it can be set to record on sound activation so you never miss important footage just because you forgot to press the button. A bracket that allows for 360 degree pan and 150 degree tilt for customizable stationary recordings is included.
