INFRARED ILLUMINATOR ARRAY

The ATE/IR05-940 is a 140 IR LED array illuminator that can be used with night vision devices or IR sensitive cameras for illuminating a wide area (60 degree beam spread). The illuminator is packaged in a durable weather tight case and emits IR light at 940nm that is effective up to 33 feet distance when viewed with night vision devices or low light IR cameras. It is supplied with a mounting bracket and AC/DC power adapter. It requires 12-15VDC 800ma power. The ATE/IR05-940 is very effective in providing covert IR illumination for a room or wide area.

FEATURES

- 140 IR LED Array @ 940 nm
 - Lightweight
 - Solid state components
 - Weather protected enclosure
 - Noiseless
